Bringing together a network of expert researchers, healthcare professionals and passionate supporters, Tommy's is a community dedicated to making pregnancy safer and reducing health disparities to help more families bring a healthy baby home.

We work across the whole pregnancy journey, turning our **research breakthroughs** into **new tests and treatments**, campaigning for **changes to national maternity care** and **providing expert information and support** for everyone.

Through this work, and with the help of our amazing supporters and partners, we're driving change at every level and finding ways to stop miscarriage, stillbirth and premature birth.

## In 2023

**15 million people**

accessed our pregnancy information and support

**11,000 families**

cared for in our specialist NHS clinics

**Over 100**

research papers published, driving scientific breakthroughs

With the strength of our community, we know we can make change happen.

**Together, we can save babies' lives**
